

Feed Mill Maintenance Position

Belstra Milling Company is a world-class feed manufacturing facility with a brand new, state of the art pre-mix plant. We are currently looking for an additional full-time maintenance team member. This opportunity is for a reliable, highly motivated individual to work for a company that offers competitive wages, insurance benefits, retirement plan, earned time off, clothing allowance, and paid holidays.

Job Duties and Requirements:

- General plumbing, welding & fabrication, electrical, and carpentry skills
- Routine equipment maintenance
- Set-up, fabricate, and field fit auger and conveyor systems
- Installation of electric motor and drive combinations
- Knowledge of single and three-phase electrical power
- Ability to work alone or as a team
- Basic project management ability
- Keep accurate work records and turn in paperwork daily or as required
- Capable of completing tasks correctly while focusing on quality, service, and safety

Education and Experience:

- Technical training not required, but a plus
- Minimum of 3-years maintenance experience

Physical Demands:

- Ability to regularly lift 50-pounds and at times up to 100-pounds
- This position requires the ability to walk, bend, stoop, climb, kneel, crawl, and crouch

Work Environment:

- Exposure to outdoor climates
- Ability to work in dusty environment
- Occasional work near moving mechanical parts
- Work from ladders or at high areas of approximately 150-feet
- Ability to enter confined spaces
- Typical hours are Monday thru Friday, 6:30 a.m. – 5:00 p.m. (50-hours per week)
- Availability to work in production emergency situations, which could include weekends or evening hours
- Fast-paced production environment

Interested parties can apply online via our careers site - <http://belstraweb1.businesscatalyst.com/job-openings.html>, or in person at Belstra Milling, 424 15th Street SE, DeMotte, IN 46310. Any questions can be directed to our recruiter, Kasey Sheldon, at 219-987-4343 Ext 179.
